

CAROLINA PANTHERS

IN THE COMMUNITY

The Carolina Panthers have created a relief fund to offer direct financial assistance to high school athletic departments adversely affected by recent catastrophic storm damage.

Funding will be made available to support project-specific needs, including replacement of damaged/lost athletic equipment or related assets.

Schools may submit funding requests up to \$20,000. All qualifying applications will be considered. A select number of grants will be awarded to assist communities in need.

If your school would like to be considered for financial assistance, please submit grant request by Friday November 11, 2016.

NOTE: Schools are REQUIRED to provide high resolution photo(s) which support the grant request.
