			NO PODS. Pods take no consideration into North to South travel time and only East to West. We are the Southeastern most 1A school in the state and we have passed 10's of schools in our classification to go to Gates Cty in football, Hatteras in Soccer, etc. Northwest Halifax had to travel here (15 min north of Wilmington) for Basketball. If you keep the Pods, you might look at a Northeast and Southeast instead of East and Mid-East.

			I don't think East Wake Academy has too much to add. We didn't make the playoffs, and this was our first year really involved with the NCHSAA (we were an independent a year ago, but with no real chance to make the State tournament). So I have no baseline to form an opinion on what they've done in the past vs. what they did this year. I appreciate your work in seeking input from AD's across the state to make the seeding process as school-friendly as possible. Sincerely, Bret Bystricky, Athletic Director
