# Sport Specific Items | Soccer

Ties must be broken in all conference matches, which would include a conference tournament if one is held.

- If a tie score exists at the end of regulation play during each conference varsity game, there will be two, complete five (5)-minute overtime periods--not sudden victory. If the score is still tied at the conclusion of the two five (5)-minute overtime periods, the tie will be broken by kicks from the penalty mark.
- JV- - do not play overtime periods.
- In tournament play, tied games must be resolved by the NFHS Tie Breaking Procedure, and those decisions count in a team's won-loss record. One goal is added to the winning team's score, and an asterisk may be placed by the team advancing to indicate advancement was the result of the progression format.

# General Updates

## Seeding

- At-large berths
  - 4.1.18(e)(1): Teams in their classification will be selected to fill the remaining slots in the bracket based upon **conference finish**, then MaxPreps ranking.
- At-large berth interpretation

# General Updates

# SCHOOL BROADCAST PROGRAM

# MANUAL PRODUCTION

We give you the software and tools you need to produce and broadcast professional grade events over the internet.

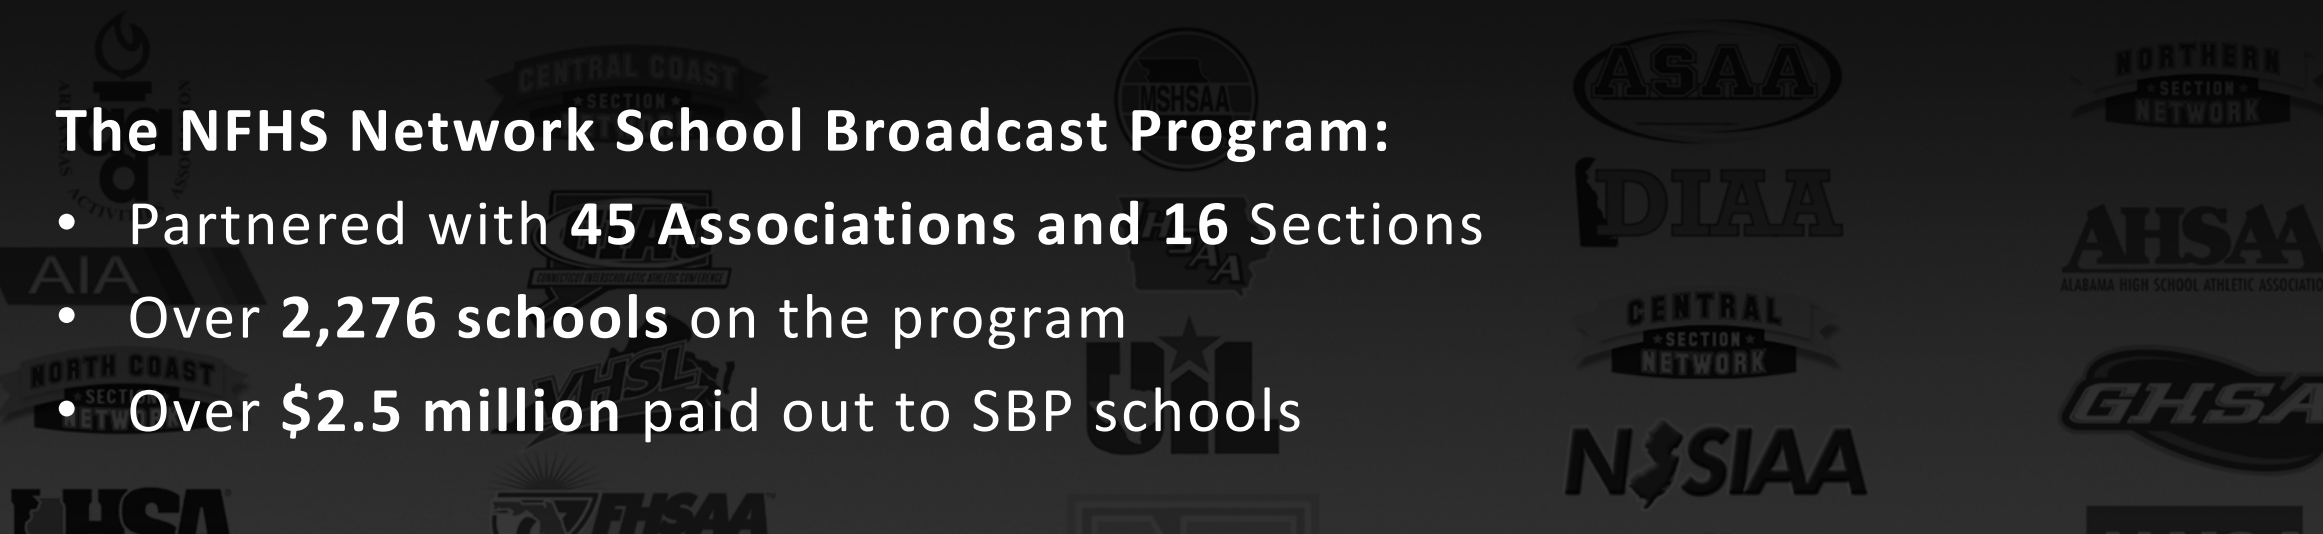

## Your School Gets:

- Real-world broadcast experience for students
- Community engagement
- Fundraising opportunities
- Full-scale support to help you get started

## The NFHS Network School Broadcast Program:

- Partnered with **45 Associations and 16 Sections**
- Over **2,276 schools** on the program
- Over **\$2.5 million** paid out to SBP schools

The #1 impediment to Schools taking part is the issue of manpower – many schools have no one to run the program.

Even when schools do have an established broadcast program with plenty of participating students, there are simply too many events – they can't cover them all.

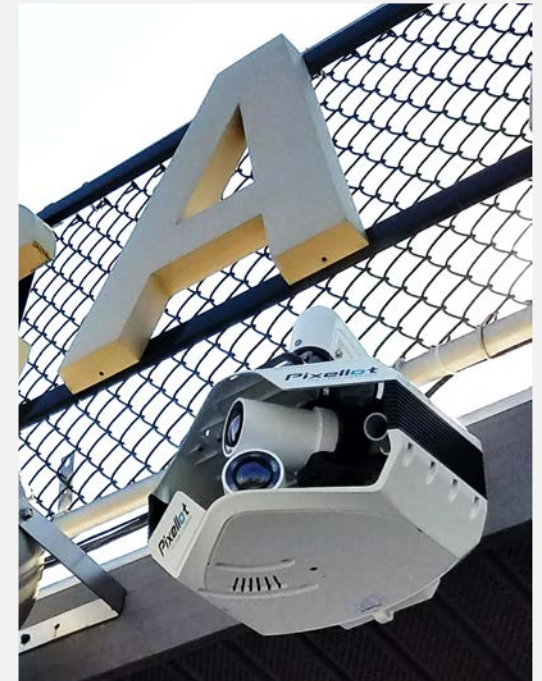

We now have a solution for both...
