Hello NCHSAA Board of Directors!

I would like to welcome you to the Winter Board meeting of the NCHSAA. This is a great opportunity for you to make lasting friendships with your colleagues throughout this great state. You were nominated to this Board by your colleagues who believed that you would have a positive influence on North Carolina High School Athletics. The vision for our Board is to be the national model for developing and inspiring greatness through interscholastic athletic experiences. Thank you for all you do in helping make this vision come to fruition.

This has certainly been a difficult start to a new school year for many of our member schools. The hurricanes that tore through our state have left hurt and devastation in their wake. Please continue to pray for those that are still dealing with their aftermath. I also ask for continued prayers for Union Pines High School and the family of Samantha Davis in their tragic loss.

We have much work before us. We are working hard to get numbers to sub-divide football, Scarlett Steinert is working with a committee on transgender equity, and Darrin Hartness is working with a committee on home school participation. I look forward to a summary on the work of these two committees. During this meeting we will also hear appeals concerning alignment adjustments. With the ever-changing landscape in schools, we face many challenges. We will continue to work diligently to make sure that fair competition and equality for all are at the forefront of what we do.

I look forward to seeing and working alongside you in just a few short weeks. We have many decisions to make. Please come to the meeting prepared to do what is in the best interest of our student athletes.

God speed,
