Dear Athletic Committee

I have known Jaylee Williams for seven years. Jaylee is an exceptional student. As her grades will show. She is determined to excel in the academic world. Her work ethic and determination make her one of the best students to have. She puts her time and energy into being the best person she can be.

Jaylee not only works hard in the classroom but also on the athletic field/court. She is a five-sport athlete and is all conference in all five. She played both tennis and golf in fall and excelled at both by making all conference and to regionals in both sports. In basketball she was voted team captain. Also, Jaylee was all-conference. She led the team defensively, also guarding the best player on the other team and was the second leading scorer on the team. She excelled as a team leader by giving her teammates encouragement and redirection each day. Jaylee also is an excellent softball player which is her passion. She is furthering her softball career at Application State University.

It has been a pleasure in teaching and coaching Jaylee. She is always smiling and ready to work hard each day. She is an awesome athlete who has been dedicated to each sport she plays.
