# MaxPreps Scores Widget

Last updated on 10/8/2015

## Overview

This widget allows any Association's team schedules and scores to be embedded on a third party website. Users interested in more control over the look and feel of a widget will find additional options below. Please reach out to [Megan Nelson](#) to get started.

## Configuring your Widget

There are several attributes that you can add or modify to customize the way your widget looks. To customize, add/modify the iframes query parameters.

	Query Param Name
<a href="#">Association ID</a>	associationid
<a href="#">Gender Sport</a>	gendersport
<a href="#">Gender Sport Switching</a>	gss
<a href="#">Score Data</a>	sd
<a href="#">Theme</a>	theme
<a href="#">Auto Scroll</a>	as

### Association ID

This will determine the context of the widget. Please reach out to [Mike Wilkes](#) to get your association id.

Param Name	associationid
Required	Yes
Validation	Valid Association ID
Default Value	None

```
<iframe src="http://www.maxpreps.com/widgets/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&gendersport;=boys,basketball&gss;=1&sd;=7" scrolling="0" frameborder="0" class="maxpreps-widget" ></iframe>
```

### Gender Sport

This will determine the gender sport displayed in the widget on initial load.

Param Name	gendersport
Required	Yes
Validation	Valid Gender Sport Supported by the Association

Default Value	None
---------------	------

Most associations have support for the following gender sports:

- boys,baseball
- boys,basketball
- boys,football
- boys,icehockey
- boys,lacrosse
- boys,soccer
- boys,volleyball
- boys,waterpolo
- girls,basketball
- girls,fieldhockey
- girls,icehockey
- girls,lacrosse
- girls,soccer
- girls,softball
- girls,volleyball
- girls,waterpolo

```
<iframe src="http://www.maxpreps.com/widgets
/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&
gendersport=boys,basketball&gss=1&sd=7" scrolling="0" frameborder="0"
class="maxpreps-widget" ></iframe>
```

## Gender Sport Switching

If enabled, this will allow users to switch between the various gender sports supported by the association.

Param Name	gss
Required	No
Validation	0 or 1
Default Value	1

```
<iframe src="http://www.maxpreps.com/widgets
/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&
gendersport;=boys,basketball&gss=1&sd=7" scrolling="0" frameborder="0"
class="maxpreps-widget" ></iframe>
```

## Score Data

MaxPreps has several different scoring platforms. This param allows you to control which scoring platform you want enabled in the widget.

Param Name	sd
Required	No
Validation	0, 1, 3, 5, 7 or 8
Default Value	7

Options

- 0 - None. Not even final scores will be displayed.
- 1 - Final scores only.
- 3 - Final scores and in-game scores will be displayed.
- 5 - Final scores and play-by-play scores will be displayed.
- 7 - Anything we have. This includes final scores, play-by-play and in-game.
- 8 - Best available. This is a hybrid between 3 and 5. Final scores are always shown. If a sport ONLY supports in-game it will show in-game otherwise it will only show play-by-play.

```
<iframe src="http://www.maxpreps.com/widgets/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&gendersport;=boys,basketball&gss;=1&sd=7" scrolling="0" frameborder="0" class="maxpreps-widget" ></iframe>
```

## Theme

The theme will determine which color scheme the widget uses.

Param Name	theme
Required	No
Validation	1, 2 or custom css url
Default Value	1

### Options

- 1 - Dark theme.
- 2 - Light theme.
- Custom url - With this option you must host your own css file. If this is the option you choose, a template will be provided. This will require someone with css knowledge.

```
<iframe src="http://www.maxpreps.com/widgets/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&gendersport;=boys,basketball&theme=1" scrolling="0" frameborder="0" class="maxpreps-widget" ></iframe>
```

## Auto Scroll

This will enable auto-scrolling on initial load.

Param Name	as
Required	No
Validation	Any number larger than 0.
Default Value	None

### Options

- Any number larger than 0.
  - 5 = 5 seconds between scrolls.
  - 10 = 10 seconds between scrolls.

```
<iframe src="http://www.maxpreps.com/widgets/scores.aspx?associationid=00000000-0000-0000-0000-000000000000&gendersport;=boys,basketball&as=10" scrolling="0" frameborder="0" class="maxpreps-widget" ></iframe>
```

## MaxPreps Scores Widget FAQ

- Which browsers does the widget support?
- What team levels does the widget support?
- In the unlikely event that MaxPreps is down, will my page still load?
- Does the widget work over HTTPS?

### Which browsers does the widget support?

All major current browsers are compatible with the widget. Browsers that do not support (or have disabled) the required javascript features will display a hyperlink back to the relevant MaxPreps.com page.

The following browsers have successfully passed testing:

- Internet Explorer 9+

- Firefox
- Chrome
- Safari
- Mobile Safari for iPhone/iPad
- Android

### What team levels does the widget support?

Currently there is only support for varsity team levels.

### In the unlikely event that MaxPreps is down, will my page still load?

Yes, your page will continue to load, however, the widget iframe will be blank.

### Does the widget work over HTTPS?

As of now there aren't any plans to support HTTPS. If this is something you need please email [Tech Support](#) with this request.
