

NCHSAA 2A Men's Soccer Championship Match Post Game Quotes
Nov. 18, 2023

Community School of Davidson Head Coach Lee Ennis

On what he told the team post game

"Be proud of the season you know. It wasn't our night and Franklin was the better team tonight. That's why you work as hard as you do all season long. You try to reach this point and you hope that it comes together on that one night, and sometimes it doesn't and it didn't for us tonight... We found ourselves in an early hole and it's hard to come out of a hole against a team that good."

Franklin Academy Head Coach Austin Latta

On the early goal

"It's a dream start you know. But these guys have proved they could do this throughout all of the playoff games. These are the kind of score lines we put on every single team. Good teams too. To do it on the West Region Champs, it's all good to these guys."

MVP Nick Fitzgerald

On the feeling in the moment

"It was the perfect ending. In my Freshman year, we lost in the State Championship, and ever since then, I've just wanted this so badly. The whole season we've been working towards this, and now we got it."

Logan Hawley

On motivation

"We wanted to bring that energy back here tonight and just to prove what we should have done last year this year."
